Campaign Gains Speed As Interest Increases

Only Eight More Days to Sell Subscriptions and Receive Maximum Credits. Five New Five-Year Subscriptions are Worth 1,100,000 Credits Now

After Saturday night, September 26th, credits on all subscriptions drop about 33%. Wise candidates will rush every available order to this office by that time. Subscribers who are really in earnest about helping their favorite win that Chevrolet sedan worth \$1,026, will see that their subscription is given before the credits drop.

Today's leaders do not necessarily mean that they will be the winners at the finish. There will undoubtedly be many changes in the standing before the awarding of the prizes.

Read This Schedule—

Here is how subscriptions count up to Saturday night, September 26:

1 year	\$ 2.00	3,000
2 years	4.00	10,000
3 years	6.00	30,000
4 years	8.00	60,000
5 years	10.00	100,000

And here is how the same subscription counts if not given until after September 26th:

1 year	\$ 2.00	2,000
2 years	4.00	7,000
3 years	6.00	20,000
4 years	8.00	40,000
5 years	10.00	80,000

NEW subscriptions earn just double the above schedule of credits.

Mr. Subscriber—do you realize that a Chevrolet Sedan, worth \$1,026 is at stake? Are you going to help your favorite win this car with your subscription, or will you help them lose it with only a promise? Remember, promises do not count.

Candidates Working Hard

On the count of Monday morning, Mrs. S. P. Schell, Brightview, moved up into first place and is certainly doing her part to bring that first grand prize home, Miss Valburga Greiner remained in second place, while N. Davidson, the popular mail carrier on Route 2, moved up into third place. Miss Mary Cronin of the Falun territory moved up into fourth place and says that she is determined to go higher. Miss Violet Parker started to school this week and dropped down a little in the race, while Miss Ruby Bye is getting a good start and is giving a good account of herself. Miss Josephine Inglis of Millet, will make a real contender if the people of Millet will give her the support they should. Mrs. Capps and Miss Gordon have many promises which they expect to be made good before the credits drop a week from Saturday. Mrs. J. M. Clarke of the Coal Lake territory and Miss Violet Stanley of the Lucas school district, both have many friends who have promised to help them later in the campaign. Miss Nora Roper, daughter of the popular postmaster at Bittern Lake, informs us that she was a little late getting started but that some of the others had better watch for her now. Mrs. Inger Johnson, postmistress at Gwynne, is a new entry this week and has hopes of making a place for herself in the race.

Now for the Test

Now is the time to grit your teeth and fight. Anyone can win when things are going "their way"—but everyone is pitted against competition—real competition. With only 8 more days to turn in subscriptions and secure the maximum number of credits and with less than four weeks left before the race comes to a close, interest in the campaign intensifies.

No one has a walkaway for the Chevrolet sedan, valued at \$1,026.00.

Give That Promise Now!

The "First Period" of the campaign ends Saturday night, September 26th, and after that date subscriptions take a 33% drop in value. There are only a few days left to see that your favorite gets your subscription while it counts most.

IT'S GOING TO BE A REAL RACE

MISS RUBY BYE, City	369,500
Mrs. RICHLEIGH CAPPS, City	272,800
Mrs. J. M. CLARKE, Coal Lake	115,700
MISS MARY CRONIN, Falun	392,700
N. DAVIDSON, Route 2, City	371,800
MISS LEITA GORDON, City	170,900
MISS VALBURGA GREINER, City	382,900
MISS JOSEPHINE INGLIS, Millet	273,200
Mrs. INGER JOHNSON, Gwynne	5,400
MISS VIOLET PARKER, City	362,600
MISS NORA ROPER, Bittern Lake	119,200
Mrs. S. P. SCHELL, Brightview	373,500
MISS VIOLET STANLEY, Lucas District	145,000

The above totals show the order of standing of candidates according to work so far in the campaign, but does not show their grand total of credits, as each has a reserve. In accordance with the rules of the campaign, any workers not making regular cash reports will be dropped from the list.

Town Topics

Ed. Kadlec of Calgary, visited at his home here on Sunday last.

Mr. Cummings of the Lone Ridge district, commenced threshing barley on Monday last.

The W.A. will meet at the home of Mrs. W. H. Cook on Tuesday, September 22nd, at 4 p.m.

J. E. Ridley of Stettler, has accepted a position in the grocery department of the Star Store.

Mr. and Mrs. Blair of Wilkie, were guests at the home of Mr. and Mrs. Frank Turner last week.

The interior of the First United Church is being renovated by being re-papered and re-painted.

Miss Helen Welsch of Red Deer, spent several days of the past week visiting with Miss Valburga Greiner.

Mrs. E. T. Williamson returned on Sunday, after spending several weeks with relatives and friends in Ontario.

Miss Doris Hanna leaves on Sunday next for the University at Edmonton, where she will take a course in Pharmacy.

The many friends of Frank Lucas are glad to see him around again after his recent illness, which was quite severe.

Major Baker, who has been confined to the house for several days through illness, is now able to resume his duties at the office.

Mrs. Willard Borden is spending a few weeks in Wetaskiwin the guest of her daughter, Mrs. John Schofield and Mr. Schofield.

A meeting of all those interested in the formation of a Badminton Club will be held on Tuesday, September 22nd, in the Parish hall, at 8:30 p.m.

A meeting of the Young People's Club will be held in the Presbyterian Church club rooms on Tuesday evening, Sept. 22, at 8 o'clock.

Miss Doris Wallace, B.N., who has been nursing at New York for several months, returned home a few days ago and expects to remain here indefinitely.

A number of the members of the Royal Arch Chapter of Masonry accompanied F. B. Watson, Grand Superintendent, on his official visit to Killam on Monday evening last.

The many friends of Miss Elsie Redden regret to learn she was taken ill last week, and removed to the Wetaskiwin hospital. The latest report is that she is convalescing nicely.

Clark Mason and Hugh Wolfe attended the stampede at St. Albert a few days ago. Clark won first prize in calf roping, and Mr. Wolfe, who is a former cowboy, was one of the judges.

Gerard Van Stockum has returned from his trip to Montreal and New York, visiting McGill University and the Juillard School of Musical Art, under Damrosch. He has resumed his classes in piano, violin, theory, etc.

Mrs. Cullens, Worthy Grand Matron, O.E.S., accompanied by a number of Grand Chapter officers paid an official visit to Victory Chapter on Friday evening last. A banquet was held and a delightful time was spent by the large number who were present.

Richard Ballhorn was at Lethbridge a few days ago, where he purchased about five hundred sheep. These animals arrived in Wetaskiwin the fore part of the week, making the journey in good condition. Apparently Mr. Ballhorn knows how to dispose of the surplus feed he has on his farm, and no doubt the purchase of these sheep will be quite profitable.

MAJOR CARRUTHERS HONORED BY WETASKIWIN FRIENDS

The Presbyterian Church was the scene of a very happy gathering on Wednesday evening, when Major and Mrs. Carruthers of the Salvation Army, were given the hearty reception by their many Wetaskiwin friends. Major Haskirk was chair-

Major Carruthers

man of the meeting, and referred to the conversion and early work in the Army of the guest of the evening, while he is welcomed on this occasion as the head of the Salvation Army in Alberta. Mayor Howatt, on behalf of himself and the city, extended the warmest welcome to the honored guests, while H. J. Montgomery, M. L. A., who was associated with Walter as a boy, related many incidents which were of interest to the community. Rev. C. J. Mackay was glad to welcome him back to his old home town as a "one-time" Presbyterian. Reference was made to Major Carruthers' parents, who were very highly respected citizens during the many years they resided here. Major Carruthers in his address, referred to many incidents in his early days and expressed his pleasure at being back in Wetaskiwin. After twenty-three years of A.S. citizenship he now returned to Alberta as Divisional Leader for the Province, accompanied by his wife, who at one time was Lieutenant in the Salvation Army in Wetaskiwin. Many Army officers and comrades were here from Edmonton and surrounding districts to join in the unique service.

EDMONTON KIWANIAN ADDRESSES LOCAL CLUB

The weekly luncheon of the Wetaskiwin Kiwanis Club on Tuesday evening, was very interesting and enjoyable. After partaking of an excellent chicken dinner, R. D. Tighe, K.C., member of the Edmonton Club, gave a very thoughtful address which he entitled "The Humor of Boswell."

He stated that it was generally conceded among literary men that Boswell's Biography of Dr. Samuel Johnson is the greatest work of the kind in the English language. He referred to the many incidents in Johnson's life, which he told very wittily. Miss Robinson was the pianist and the attendance was large, and the meeting was one of the most successful held for a long time.

A most interesting address is to be given by Rev. A. R. Schrag at the next meeting of the Kiwanis Club on Tuesday evening next at 6:15. His lecture will be illustrated with lantern slides, the title being, "The Dinosaurs of the Red Deer Valley."

WOMEN'S INSTITUTE

The first meeting of the Wetaskiwin Women's Institute will be held in the Club rooms on Pearce street, Thursday afternoon, September 24th, at 3 o'clock. The program will be in charge of Mrs. Ernest Switzer, Convent of Legislation. A cordial invitation is extended to all who are interested to be present, particularly those who are interested in ordering pointers.

Weddings

STARKEY-DIXON

A quiet wedding took place at the Presbyterian Manse on Friday, September 11th, when Mary Elizabeth, daughter of Mr. and Mrs. James Dixon of Calgary, formerly of Calgary, became the bride of George Starkey of this district. The ceremony was performed by Rev. C. J. Mackay.

RUNTE-KERRISON

Beautifully decorated for the occasion in mauve and pink sweet peas, foliage and gladioli, Christ church was on Saturday evening the scene of a lovely wedding when Canon J. M. Conyn Ching solemnized the marriage of Georgina Emily, eldest daughter of Mr. and Mrs. Edward Kerrison and Mr. Henry Carl Runte, eldest son of Mr. and Mrs. Runte of Wetaskiwin.

The young bride who was given away by her father, was lovely in her wedding gown of eggshell satin, charming, fashioned on long graceful lines. The bodice was extremely simple and the draperies of the skirt which swept the floor were held in place at the side and back by a large bow of the satin. Her cream veil held in place about her head with a circlet of lilies of the valley fell into a train of court length. Her slippers were deep cream satin like her dress and she carried a shower bouquet of lilies of the valley and Ophelia roses.

The bride was attended by her sister, Miss Evelyn Kerrison, maid of honor, Miss Margaret Clarke and Miss Helen Martin, bridesmaids. Miss Kerrison was frocked in cream embroidered net worn over pale pink. Her picture hat was pale pink moiré and she wore white slippers and white lace mittens. Miss Margaret Clarke and Miss Helen Martin wore chiffon, fashionsed alike, moiré picture hats, satin slippers and long cream lace mittens.

Miss Clarke was in pale yellow and Miss Martin wore orchid. Their flowers were mauve sweet peas with sprays of gladioli.

The ushers were Mr. Bernard Allen and Mr. Roy Carwell, and Mr. Noel Saunders was the best man.

Mr. L. Baynard played the wedding march and Miss Jessie McCoy was the soloist.

At the reception at the family residence in Glenora, the bride's mother was very smart in pervanche blue, her hat and slippers in the same tones, and her corsage ophelia roses. Mrs. Runte, mother of the bridegroom, wore black figured nylon, a closely-fitting black hat with asprey mount and corsage of crimson roses.

Mr. and Mrs. Runte, after a short honeymoon, will take up their residence at Grande Prairie. Mrs. Runte wore for travelling a French costume of brown wool, a closely-fitting brown hat and brown shoes and accessories.—Edmonton Journal.

OVERN-GATES

Beautifully decorated with flowers for the occasion, the home of Mrs. N. H. Allen of the Brightview district, was the scene of a lovely wedding on Wednesday, September 9, when Rev. P. M. Meyer solemnized the marriage of Leita Pearl, daughter of E. W. Gates of Brightview, and Roy Palmer Overn, son of Mr. and Mrs. H. C. Overn of Wetaskiwin.

To the strains of the wedding march played by Mrs. Allen, the young bride entered the parlor on the arm of her father. She was attended by Mrs. Verna Johnston, and E. Johnston acted as best man. The bride was beautifully gowned and carried a bouquet of Ophelia roses. During the signing of the register, Mrs. Allen rendered a beautiful solo, accompanied by E. Johnston. After the ceremony, a sumptuous dinner was served.

Mr. and Mrs. Overn will take up their residence at Wetaskiwin.

Summary of Proposed Hospital Agreement

Attention is directed to the hospital by-law published elsewhere in this issue. This by-law provides for the erection of a 20-bed hospital, to be erected on a site donated by the City of Wetaskiwin, and the location of which will be decided by the new board, from several locations under consideration. The proposed new hospital will be free of taxation under provisions contained in the city charter.

The vote on this agreement takes place in the M.D. Montgomery on September 26th, in the M.D. Bigstone on October 3rd, and in Wetaskiwin on October 14th. The estimated cost of the hospital building is \$40,000, to be financed as follows:

City of Wetaskiwin agrees to hand over the sum of \$10,000, being accumulated surplus from the present Wetaskiwin hospital as well as all the equipment of the present building, the outstanding accounts and all other assets of the present existing hospital.

The City of Wetaskiwin, subject to ratification by the burgesses, agrees to borrow by debentures the sum of \$30,000, and the M.D. Bigstone agrees to make a grant towards the repayment of this sum of \$9,000, and the M.D. Montgomery agrees to make a grant of \$12,000, while Wetaskiwin must contribute the balance, namely, \$9,000. On a basis of population, the apportionment should be approximately, M.D. Montgomery, \$12,375; M.D. Bigstone, \$9,750; Wetaskiwin, \$7,875. Each of the parties to this agreement agrees to be responsible for the bills of the patients of the area over which it has jurisdiction, and in case of loss occasioned by hospital services to transients, or persons not residing in the areas of the three contracting parties, the said loss shall be borne equally by the three municipalities. The management arrangements will be settled by the new Board, but it has been agreed that the rates would be based on a \$2 per day rate for public wards, with no charge for operating room service to patients from contributing areas. All outsiders will pay full rates. The Board of Managers shall consist of nine members, three from each Municipality, two to be the Reeves and one the Mayor, one from each of the three councils, and three others to be appointed by the respective Councils.

Application has been made to have the labor in the construction of the new hospital building paid under the unemployment relief plan, and there is good reason to believe this can be arranged. If this is accomplished it would reduce the amount to be raised by the three municipalities to approximately \$20,000, which would, of course, be raised by debenture spread over a period of fifteen years.

In view of the fact that the present hospital building has been condemned as a fire hazard, we would urge all ratepayers in the three Municipalities to consider very carefully the information contained above, before casting their votes on the hospital agreement. We have been assured that if these bylaws are defeated, that the present hospital will be closed, which will be nothing short of a calamity in such a populous and well-to-do community as we have in Wetaskiwin and district.

Rev. A. R. Schrag Inducted as the Pastor of United Church

On Thursday evening, Sept. 10th, the Presbytery of Lacombe of the United Church of Canada sent a delegation to induct the Rev. A. R. Schrag, B.D., recently of Three Hills, into the pastorate of the Wetaskiwin United Church. The meeting of the congregation was very largely attended and among them were representatives of other Churches in the town, and those absent expressed their good will in gracefully worded letters of greeting.

If the enthusiasm of the congregation manifested in the social hour following the induction is any gauge of the future of Mr. Schrag's ministry here, then it will be a pronounced success. The choir fittingly rendered an anthem or two.

The induction was directed by the Chairman of Presbytery, Rev. M. J. Moores of Bentley. He challenged the belief and motive of the Minister with searching questions and then proceeded to induct with due ceremony a man of great promise.

Rev. R. B. Layton of Lacombe, gave the charge to the Minister, in which he pressed home that the minister should be in the best sense of the title "A Man of God," teaching and exhorting and visiting among the people as one who first knows his

Saviour, and out of this love is constrained to commend Him to all. Rev. Mr. Davies of Ponoka, addressed the congregation upon their responsibilities and privileges and hoped to see Christ moving among them in holiness and service. The minister's co-operation as truly as they needed the minister and through all their activities should run the "love that binds." In a very beautiful allegory Mr. Davies showed how the symphony of loving co-operative helpfulness made music sweeter than any separate and isolated service of even the most talented could do.

We were pleased to notice the Rev. C. E. A. Pocock as a guest of the Presbytery taking the part of the Scriptures. The Ministers' wives—Mrs. Moores, Layton, Davies and Pocock were also present as a gesture of goodwill. Many friends from the pastoral charges of the United Church in Millet, Ponoka, and Lacombe were present, among whom we specially noticed former citizens of Wetaskiwin, Miss Sims, Miss Sharpe and Dr. Sharpe.

An informal social time afforded an opportunity for the friends to greet Rev. and Mrs. Schrag and closed the evening with golden song for the future in our midst.

Mun. Dis. Montgomery Arranges for Hospital Vote

The regular meeting of the Council of the Municipal District of Montgomery No. 458 was held in the Council office, on Saturday, Sept. 5th. All the Councillors were present. The minutes of last meeting were read and adopted on the motion of Councillor Shantz.

Correspondence was read from the following:

The Wetaskiwin Hospital re ad-

missions; the Supt. of Mother's Allowances advising the re-instatement of Mrs. Kvello's allowance; the Old Age Pensions re Mrs. W. Link. Report was submitted by the weed poison along the shores of Bittern Lake, Red Deer Lake and other spots infested with sow thistle.

Proctor Paulsen, secretary of the Water Glen Municipal District, interviewed the Council on the completion of the graveling of the Stettler highway under the Government Relief Scheme. The Council did not see their way to alter their decision arrived at on this question at the special meeting.

Moved by Councillor Thompson that a vote be taken on the Hospital By-law on Saturday, September 26th, 1931, that J. F. Nowell be the Returning Officer and that the Divisions as represented by the Councillors be the Polling Divisions; that the following be Returning Officers at the Poll stated against their names:

- Div. 1—Rose Briar School, R. P. Fullen.
- Div. 2—Haultain School, G. L. Pritchard.
- Div. 3—Angus Ridge School, Wm. Thirk.
- Div. 4—Municipal Office, R. E. Sheler.

THURSDAY, SEPTEMBER 17, 1931

LEGISLATURE WILL RATIFY HOSPITAL AGREEMENT

A letter from the Minister of Health, assuring the citizens that if approved by the ratepayers, the legislature would ratify the agreement entered into by the three municipalities in respect to the proposed hospital, has been received by the City Clerk of Wetaskiwin. A letter from A. T. Stephenson, secretary-treasurer of Red Deer, giving information about the management and financial position of the Red Deer Municipal Hospital, has also been received. In view of the approaching vote on the proposed new hospital for the M.D. Bigstone, the M.D. Montgomery and the City of Wetaskiwin, these letters will be read with much interest and profit by the ratepayers concerned in the vote. We therefore publish these letters in full.

Edmonton, Sept. 11th, 1931.
Mr. J. E. Fraser,
City Clerk of Wetaskiwin,
Wetaskiwin, Alberta.

Dear Sir:
Re: Wetaskiwin Hospital proposed agreement between the City of Wetaskiwin and the M.D.'s of Montgomery and Bigstone.

I am in receipt of a letter from Mr. Russell, City Solicitor of Wetaskiwin, asking me to write you a letter indicating the position of the Government with regard to the above agreement, which has been submitted to Government, and the by-laws with respect to same.

There can be no doubt about the necessity of the proposed hospital at Wetaskiwin, and if the proposed by-laws are approved (where required) by the necessary majority of ratepayers of the different municipalities and duly passed, and if the proposed agreement and debenture issue are approved by the Board of Public Utility Commissioners, the wishes of the people, thus expressed, should be carried out, and I can assure you that, under such circumstances, the Government will introduce and support legislation ratifying and validating such agreement and such by-laws.

Yours truly,
(Sgd.) GEO. HOADLEY,
Minister of Health.

Red Deer Municipal Hospital,
Red Deer, Sept. 11th, 1931.

Dear Sir:
In response to your telephone request yesterday for some information as to the financing of the Red Deer Municipal Hospital I beg to inform

you that the district comprises the City of Red Deer only. In the early years the debenture payments were carried by the city council and grants were made by the city council to assist in financing. No grants of money were ever made by any of the rural municipalities around Red Deer towards the support of the hospital, but several of the districts around Red Deer raised money and furnished wards, and the good farmers wives raised money to keep the wards in good condition and their assistance was very valuable to the hospital. All the burden of financing the hospital fell on the city and the residents of the city who supported the hospital through taxation for many years paid exactly the same rates as patients as outsiders did.

About ten years ago the hospital was bankrupt owing about \$10,000 besides debenture debt, which was a city liability, and the Council seriously considered closing it. At that time I was asked by the Mayor to undertake the financial management and try to work out a scheme to enable the hospital to continue to function. After some time we decided to organize under the Municipal Hospitals Act and a district was formed taking in some rural territory around Red Deer. When the vote was taken the City voted almost unanimously in favor and the rural districts voted against the scheme. The city then organized taking in the city only, and we have carried on ever since. The hospital assumed payment of the debentures outstanding and the tax levy at first was three mills in the city for hospital purposes. As final payments were made on debentures and expenditures reduced it was possible to reduce the rate to one mill, which it has been for the past few years. In 1932 final payment will be made on another debenture and all debentures will be retired in 1933, so that expenditures will be reduced again. All property owners in the city and all residents may pay, during the month of January each year, the sum of \$500 hospital insurance. In the case of property owners the amount of the hospital tax is credited against the \$500. All dependent members of a family paying this hospital treatment for \$1.00 per day. X-ray fees are payable at half the schedule rate and extra drugs are paid by the patient. This year 450 paid the hospital insurance.

I have worked out the number of hospital beds used by insurance patients and find that the amount of insurance, taxes and hospital fees paid by these during the past few years have covered the cost of the patients.

In the case of patients from the rural municipalities the charges are \$3.00 per day for public, \$3.50 for semi-private and \$4.00 for private wards. We require payment in advance or arrangements to be made for payment for one week before admitting any patient who is a resident of a municipality. If the patient is unable to pay we require a written order from the municipality. In case

of emergency, where immediate hospital attention is necessary, we send a written notice to the municipality immediately as is required by the hospital act.

We require the municipalities to pay for the care of their own indigents and we have used a number of them in the courts and carried one case we lost before the trial judge, to the Supreme Court and got judgment in full with costs so that we have established our right to collect for care of indigent patients from municipalities. We also established by a stated case to Chief Justice Simmons that a married woman and a minor, not owning property in their own name, are indigents under the hospital act.

I may say that we have a board of three members only and none of these have ever been paid the amount allowed under the act for attending meetings, \$4.00 each meeting and our present financial position is that we have paid all debentures due this year, all accounts to date, have \$5000 invested in savings certificates and about \$14,000 cash in the bank. During the past ten years we have paid over \$15,000 for improvements and equipment all out of revenues.

If there is any more information I can give you I will be glad to do so. I may say incidentally, that much of the success of this hospital is due to careful management of the Lady Superintendent, Mrs. O. Findlay.

Yours truly,
(Sgd.) A. T. STEPHENSON,
Secretary-Treasurer.

VAPORUB

OVER 17 MILLION JARS USED YEARLY

of emergency, where immediate hospital attention is necessary, we send a written notice to the municipality immediately as is required by the hospital act.

We require the municipalities to pay for the care of their own indigents and we have used a number of them in the courts and carried one case we lost before the trial judge, to the Supreme Court and got judgment in full with costs so that we have established our right to collect for care of indigent patients from municipalities. We also established by a stated case to Chief Justice Simmons that a married woman and a minor, not owning property in their own name, are indigents under the hospital act.

I may say that we have a board of three members only and none of these have ever been paid the amount allowed under the act for attending meetings, \$4.00 each meeting and our present financial position is that we have paid all debentures due this year, all accounts to date, have \$5000 invested in savings certificates and about \$14,000 cash in the bank. During the past ten years we have paid over \$15,000 for improvements and equipment all out of revenues.

If there is any more information I can give you I will be glad to do so. I may say incidentally, that much of the success of this hospital is due to careful management of the Lady Superintendent, Mrs. O. Findlay.

Yours truly,
(Sgd.) A. T. STEPHENSON,
Secretary-Treasurer.

American College of Surgeons at Philadelphia.
Dr. Malcolm T. MacEachern, director of hospital activities for the college, in pointing out the direct value to the public of hospital standardization, said, "The approval of the hospital has been a vital factor in eliminating unnecessary surgical operations, in stamping out irregular medical practice, in helping to eradicate, fee-splitting, and in assuring careful laboratory and physical examinations before proceeding with treatment."

In spite of the ever-increasing number of surgical operations and the greater proportion of persons hospitalized each year, the average ratio of total deaths among hospitals surveyed is but 4 per 100 patients, less than half that of 13 years ago when the first survey of hospitals was made, Dr. MacEachern said.
On an average, the patient in the standardized hospital now gets well in ten to twelve days, as contrasted with twenty-five a decade ago. This means not only a saving in hospital expenses to the average patient, but also permits him to return to his regular occupation much sooner.

Pofter post-operative deaths, improved treatment of fractures, cancer, goitre, metabolism disorders, and other diseases are indications of the advance of scientific medicine through better hospitals, better doctors, better nurses, and other groups of personnel engaged in the work, it was shown.

The work of making hospitals safe for the public has been carried on for thirteen years by the American College of Surgeons, said Dr. F. H. Martin, director-general through continuous inspection and survey of all hospitals of 25 beds or more in which acutely ill or injured patients are treated. This is done at no expense to the hospital. To obtain approval by the American College of Surgeons, hospitals must comply with requirements relating to virtually every phase of hospital work. The physicians, for instance, must not only be licensed but must also be reputable graduates of recognized medical schools. Records of all that transpires to the patient during his hospital stay must be kept. The results of treatment must be discussed in a group meeting of the medical staff. The hospital is required to have facilities for X-ray work and laboratory examinations. All these and numerous other standards have been established for the protection of the public—Red Deer Advocate.

MUFFIN MAGIC
(By Barbara B. Brooks)
Morning hardly seems to be the proper time to perform magic, does it?

Usually wonders of the mystic art are accomplished in the middle of the night by the dim light of the fireflies, the moon and the stars. But muffin magic works better when inquisitive morning glories peep in at your kitchen window to see what you are making for breakfast.

Muffin magic is very easy! The batter is taken from the refrigerator where the cool temperatures have retarded the action of the leavenings during the night. With a few deft turns of the hand, the batter is placed in buttered muffin pans. Then into the oven they go. The best part of magic, however, is not the preliminary performance of the artist, but what comes "out of the hat." Sometimes it is a fluffy, white bunny; sometimes it is a squealing pig. In this case when the oven door is opened, a pan of golden brown muffins greets the hungry audience.

The art is very simple when you have a refrigerator and the results will make you famous as the perfect breakfast hostess. A plate of hot, crusty muffins will complete any breakfast which you are planning, whether it be one in the sun outside of your cottage by the lake or breakfast-luncheon for your late-rising guests or just a breakfast for the family.

Muffins
¾ cup sugar, ¼ cup shortening, 1 egg, 2 cups flour, ½ teaspoon salt, 4 teaspoons baking powder, 1 cup milk. Cream the sugar and the shortening and add the well-beaten egg. Sift the dry ingredients together and add to the first mixture alternately with the milk. Bake in well-greased muffin pans in a hot oven (420 deg. F.) for fifteen to twenty minutes.
Yield: 9 muffins.

Banana Muffins
2 tablespoons shortening, ¼ cup sugar, 1 egg (well beaten), 1 cup milk, 1½ cups bran flakes, 1½ cups flour, 2 teaspoons baking powder, ½ teaspoon salt, ½ cup chopped banana. Cream shortening and sugar; add egg, milk and bran flakes. Sift flour with baking powder and salt and add to first mixture; stir until flour disappears. Bake in greased muffin tins in a moderate oven (400 deg. F.) for 20-25 minutes.
Yield: 16 small muffins or 8 large muffins.

Bran Muffins
2 tablespoons shortening, ¼ cup sugar, 1 egg (well beaten), 1 cup sour milk, 1 cup all-soft, 1 cup flour, 1 teaspoon baking powder, ½ teaspoon soda, ½ teaspoon salt. Cream the shortening and sugar; add egg and sour milk. Add all-bran and let soak until most of the moisture is taken up. Sift flour with baking powder, soda and salt and add to first mixture; stir until flour disappears. Fill greased muffin tins two-thirds full and bake in a moderate oven (400 deg. F.) for 20 to 25 minutes.
Yield: 8 large or 12 small muffins.

Note: If sweet milk is used instead of sour milk, omit the ½ teaspoon of soda and use 3 teaspoons baking powder. Raisins or dates may be added if desired. A small slice of apple, sprinkled with cinnamon and sugar, placed on top of the muffin batter before baking, makes a delicious variation of the recipe.

Visitor: "Well, Joe, how do you like your new little sister?"
Joe: "Oh, she's all right, I guess, but there are lots of things we needed worse."

Her Whole Body Was Covered With Eczema

Mrs. Wm. H. Smith, Waldhof, Ont., writes: "I have used your Burdock Blood Bitters, with wonderful success, for eczema. I had been troubled with it on my legs for years, and a year ago it broke out on my hands and arms. I did not know what to do to get rid of it, after having tried numerous remedies without any success. I happened to see Burdock Blood Bitters recommended as a good blood purifier and used it with wonderful success. I had only taken two bottles when my hands and arms were entirely healed and there was only one small spot on my leg. I intend to continue until this spot has entirely disappeared. My daughter has also used B.B.B. with great satisfaction, for eczema."

VERY WELL, MISS BLUM. IF YOU INSIST THAT I PROPOSED TO YOU, I WILL BE MARRIED IN THE MORNING.

OH, PUFFERS, YOU WERE SO HAPPY.

AND NOW I TELL YOU I AM NOT MARRIED. I AM STILL A SINGLE LADY.

I THINK BETTER A LITTLE LATER.

HE MAY NOT BE SO FRESH FOR THE WEDDING, BUT HE WILL BE MARRIED IN THE MORNING.

CHILDREN AND DOGS

Fluff wanted to go out for an airing. She stood up, white paws drooping, liquid dark eyes fixed on her mistress' face, pink tongue stuck out unthinkingly backward. This was poodle language, and by it Fluff usually got her own way.

But Louise was now impatient. It was snowing and she had her hands full of many things. There! The telephone was calling again. She hurried to it.

It was Mary Wayne speaking. Mary said that the youngest Murray girl had gone to Mrs. Rose's. She thought she had done pretty well to find good homes for four girls, all under 12. But 4-year-old John—well, nobody seemed to want John.

"What time shall I meet you?"

A day's work finished. But they are still fresh and bright. They will tell you that the way to keep fresh is to keep your mouth refreshed. The pure, cool flavor of WIGGLES' refreshes the mouth as well as the body.

Reaching the People

A prominent real estate dealer in Toronto says that he gets better and quicker results from the Classified Want Ads than from any other kind of publicity. He states that the results are out of proportion to the small space involved.

There is a moral in that for you if you want to reach the people.

SPORT

FOOTBALL

The final game for the Lacombe Cup was played in Wetaskiwin on Friday evening last. Ponoka furnishing the opposition. Wetaskiwin boys were considerably weakened by absences, three selected players failing to show up, and substitutes had to be hurriedly filled. Wetaskiwin too, had not played for over a month, and the players were obviously out of condition. Under the circumstances, the boys did well to hold their opponents to a single goal. Mitchell scored for Ponoka midway through the second half, and the locals failed to respond. Ponoka therefore held the cup for the ensuing year. The same teams battle again shortly for the possession of the Red Deer Citizens Cup. This game will be played at Ponoka on a date to be arranged later.

Wetaskiwin lined up as follows: K. Maxwell; Turkington, Skoog; R. Maxwell, Dixon, Lidgett; Cronin, Treleaven, R. Wallis, Lee and Jelferles.

Referee—J. Robinson, Ponoka.

Gas in Stomach Hurts the Heart

Gas Pressure from a Sour, Acid, Upset Stomach is not only highly uncomfortable, but some day may prove fatal.

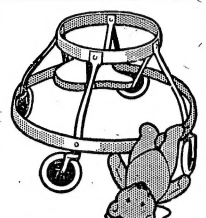

When your meals are followed by bloating, a feeling of fullness and pains around the Heart—you may be suffering from STOMACH GAS. It is pushing and crowding upwards. That's the reason for the shortness of breath and sharp, shooting pains. To quickly banish this Gas, neutralize the acidity and cleanse and sweeten the stomach—nothing is better than the simple use of Bismarck's Magnesia (powder or tablets), which gives almost instant relief. Pleasant, harmless and inexpensive Bismarck's Magnesia has been used and recommended by Doctors and Druggists for more than fifteen years. Any good druggist can supply you—try it today!

A football enthusiast, having been to see his team play a match which they had lost, was returning home downcast, accompanied by his little son.

During the course of the game the lad had asked the usual "why and wherefore" of his father, but things were brought to a climax when he piped:

"Daddy, what becomes of a footballer when he gets old and blind and deaf?"

"They make a referee out of him, son," was the laconic reply.

When BABIES are Upset

BABY ills and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhoea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. It's gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

Cook's Regulating Compound

A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, the mildest; No. 2, the medium; No. 3, the strongest. Sold by all druggists, or sent by mail on receipt of price. Five pamphlets. Address: THE COOK-MEDICINE CO., TORONTO, ONT. (Formerly Widdows)

THE VINES ARE HEAVY WITH GRAPES

The finest grape growing weather and years of careful culture have brought on about \$2,000,000 worth of grapes from Canadian tables from the Niagara district.

GWYNNE

W. J. Gillespie and Allen Cole attended a party at the Queen's hotel, Edmonton, where the Police Force entertained the Frontiersmen. They reported a very enjoyable evening.

A. R. Inglis from Minnehik, was a visitor at Gwynne last Friday.

J. McKenna was home for the week-end from Tofteld.

K. Erwick returned on Saturday from a visit with relatives in Saskatchewan.

There was a touch of frost Sunday night, but not much damage was done except to tender garden stuff.

The continued showers lately delayed the harvest, but we expect to hear to hum of the threshing machine next week.

The R. H. Inglis family have relatives from Vancouver visiting them.

NEW SWEDEN

Elph Anderson returned from Edberg on Thursday evening.

Roy Harris, who is working with a road gang east of Edmonton, spent Sunday with his family here.

Word of the sad death, through infantile paralysis, of Kenneth Eliason, was received by relatives here last week. Kenneth, with his parents and aunt, visited here during the summer, and the news of his death comes as a great shock to everyone here. He was an only child.

Newton Eliason and Herbert Anderson, who will enter University next week, went to Edmonton on Monday to make final arrangements there.

Leonard Schantz has purchased Bruce Switzer's Ford truck.

Mr. N. Oswald, E. Anderson and P. Anderson, motored to Bashaw on Sunday.

Mr. and Mrs. Peter Switzer of St. Mary's, Ont., visited with the former's cousins, Ernest Switzer and Mrs. A. Doupe over the week-end.

WINFIELD

The chief topic of conversation just now is road-work. Upwards of two hundred men will be employed on the roads adjacent to Winfield. The Breton-Hoadley road has already had some work done on it. By the new route to Buck Lake, straight west from what is known as "Steer's corner," at least four miles is clipped off that much travelled road. John Engblom of Pendry, is the general supervisor.

We regret that the following news item was omitted before: Born, to Mr. and Mrs. John Anderson, of Townlake, August 27, a daughter.

Miss Lily Hallgren of Buck Creek, is visiting her sister, Mrs. Roy Gibbons.

Mrs. E. W. Johnson and Miss Lucy, called on several friends in town one day last week.

Mrs. Engler, Mrs. Woodbridge and Miss Ethel Linton were guests of Mrs. Gibbons and Miss Hallgren on Tuesday afternoon.

Mr. and Mrs. C. F. Taylor returned from Edgerton Wednesday. They report a forty-bushel to the acre wheat crop there.

Mrs. Husband and Mrs. E. A. Taylor were guests of Mrs. Engler at afternoon tea last Wednesday.

The Young People's Club met at the Francis home last Wednesday evening. After a pleasant time was spent in various games, a most de-

licious lunch was served by Mrs. Francis and Mrs. Martin.

A new house is being erected on Mr. and Mrs. Carter's farm near town.

Sawing operations have begun in the new mill on Tom Devall's place. Mr. and Mrs. Boake of Hoadley, and Mr. McCowan of Edmonton, were guests of Mr. and Mrs. Groulx of the Peerless hotel, last week.

FALUN

The balloon dance put on by the Live Wires at Pigeon Lake last Saturday evening, was a great success and the girls were well pleased with the large turnout. In spite of the cool weather. With the returns from this dance the club intend to complete the tennis court and buy other necessary sport equipment. The ball game with Ferrybank earlier in the evening was fast and furious, being pepped up, no doubt, by the snap in the air. The score was 8-2 in favor of the Live Wires.

Mr. Arthur Ward was a visitor at the home of Mr. and Mrs. T. Steedman over the week-end.

Miss Bertina Anderson motored to Three Hills, where she will be visiting with friends and relatives for a couple of weeks.

Mr. Clotis Tagmire of Three Hills, spent Sunday visiting at the A. Anderson home.

A Roman Catholic service was conducted in the Falun school on Sunday morning at 10 o'clock.

Baby Donna Madison had her first party last Thursday afternoon, when the members of the Live Wires surprised her with a shower of useful and attractive gifts.

WINFIELD WEST

The farmers of this district are still very busy stooking and stacking grain. There will be very little threshing here this year.

Mrs. Taylor and son Murray have been visiting Mr. and Mrs. Hendrick for a few days. Preparations are being made to instal a small lumber mill on T. Devall's place.

Work is still being done on the Poplar Valley school. We hope it will open October 1st.

I. O. Gibbons is renting his farm and moving on the homestead.

The U.F.A. meeting was held at S. Handbury's.

BITTERN LAKE

D. Fountain of Wetaskiwin, is stooking for A. Wickland.

The Junior Red Cross of South Bittern Lake, is wide awake again. They are going to assemble at the home of Mrs. A. Carlson on Friday evening, when they are going to show their

THE SCANDINAVIAN HOSPITAL IN WETASKIWIN

Notice is hereby given that an extraordinary General Meeting of The Scandinavian Hospital in Wetaskiwin will be held at the Luther League Hall at the Swedish Lutheran Church, Wetaskiwin, Alberta, on Friday the Second day of October, 1931, at Three o'clock in the afternoon for the purpose of considering and, if thought fit, passing a resolution to wind up voluntarily the said Company, and of considering what disposition should be made of the funds of the said Company.

Should the above resolution be passed by the requisite majority, it will be submitted for confirmation as a special resolution to a second extraordinary General Meeting, which will be subsequently convened.

Dated at Wetaskiwin, Alberta, this 15th day of September, 1931.

By order of the Directors.
THOS. TORESON, Secretary.

MONTGOMERY BROS. Limited want you to celebrate with them in these HUGE REDUCTIONS. Every Coat, Dress, Suit and Hat marked down at SPECIAL PRICES.

Sale Commences Friday Morning!

BE HERE EARLY in order to get first choice. Remember, we are offering our regular fine quality garments at this sale. Nothing has been specially bought. We personally stand behind every garment in the store.

New Fall Coats The Newest in Fall Hats

The finest coats we have ever offered at these prices. Every new style point—fabrics soft and lovely—furs silky and rich in these coat leaders of the season selling at

\$22.50 to \$35.00

You'll find these prices for high type coats exceptionally low.

Empress Eugenia rules the mode in Autumn Hats, for they take tips and tilts from the queenly hats of the 15th Century. They are strikingly new and different to this day and age and when the coiffure is carefully studied they have a queenly bearing.

Although the silhouettes are high style and subtle in treatment there's a mode for every type, old and young conservative or daring.

Best of all, the prices will please you.

\$1.95 to \$3.95

Extra Special Prices

LADIES' AND MISSES' HATS, assortment for 50c

LADIES' AND MISSES' HATS, a rack at **\$1.00 and \$1.95**

LADIES' AND MISSES' COATS, good warm materials, fully lined and fur trimmed at **\$3.95, \$7.50 and \$9.95**

A good assortment of SILK AND WOOL DRESSES going at **\$1**
Another assortment of real good QUALITY DRESSES at **\$1.95 and \$3.95**

LADIES' SILK VEST AND BLOOMERS at 50c each

Celanease Printed SILK DRESS GOODS, regular \$1.25 to \$1.50, all going at 50c yard

PRINTS—Many beautiful patterns, 36 in. wide at 25c a yard

A Selection of CRETONNES in many shades going at 25c yard

MONTGOMERY BROS. LIMITED
10 Grocery Phone The Star Store Dry Goods 18 and Office

skill at making pop corn balls, which will later be sold. We will hear more of them after harvest. Margaret Gouchee is still their worthy president.

Wm. Altvater of Wetaskiwin, was a visitor here on Saturday.

Some class to Mary Morita. She rides to school every day in a rubber tired cart.

C. Smith of Camrose is working for C. Howarth during harvest.

The many friends of Mr. and Mrs. G. D. Cole of Gadsby, are sorry to hear of their accident near Lacombe, when on their return trip home from a visit ere, a week ago. Mrs. Cole's mother, Mrs. Holmstrom, left for Lacombe to bring back her grandchildren, who will stay here till a later date. Mr. and Mrs. Cole are still patients in the Lacombe hospital.

The school fair was termed as a huge success, eleven schools entered.

Ing. South Bittern Lake won many prizes, and we are in hopes that our school will be decorated with another diploma, having won three so far.

C. T. C. Roper was a Leduc visitor on Sunday.

Duck season is open again, and several hunters were looking for ducks in the early hours of Tuesday morning.

Miss Nora Roper is our representative in The Times Campaign. Boost her along.

C. Howarth and R. Elgert have ordered lumber from a Pigeon Lake mill. They intend building granaries.

The first severe frost of the season on hit Bittern Lake and district on Sunday night. Flower gardens have lost their beauty, and potato tops are black.

Lawyer: But, madam, you cannot marry again. If you do, your husband has clearly specified that his fortune will go to his cousin.

Fair Client: "I know that. It's his cousin I'm marrying."

GROWING, SELECTION AND PREPARATION OF GRAIN AND SEED FOR EXHIBITION

(Copyright, 1931)
By HERMAN TRELLS
CURING-A WORLD'S GRAIN SHOW
SAMPLE
Article No. 4

To conserve time and space the writer is assuming that the interested reader has familiarized himself with the three previous articles of this progressive series on "Growing, Selection and Preparation of Grain and Seed for the World's Grain Exhibit-

tion and Conference" next year. To the casual observer it may look like a messy piece of business, but to the aspiring exhibitor, it is a real source of contentment, when, with dreaming eyes, he looks into every shed and granary and leans on the farm filled to capacity with row upon row of beautiful grain filled sheaves, and knowing with fair surety that they are tucked away reasonably safe from the elements. The writer would not be surprised to find other enthusiasts turning the spare bedroom into a prize grain cure shop or making use of such expedients as turning the stock out of the stable, the hens into a smaller coop, moving the hay in the loft, using the spare bedding, the rugs and carpets, socks and coverings, the camping pancake tent—in fact any emergency protection that may help mother the precious sheaves through the storm.

A lucky exhibitor may resort to the "capping" method to gather enough good wheat for the large 10 bushel World Show class, but he will truly be wearing a horse shoe for a watch charm. If Dame Nature permits him to get by without some disappointment while using this risky method, flitting with a damaging storm at curbing time.

The writer is of the opinion that no less than 20 bushels of nice appearing normally threshed grain would be the minimum bulk from which an attractive sample for the "World's Grain Show 10 bushel class may be made. A 3 to 1 ratio would insure a much better winning chance. Figure on about eleven average binder, wheat sheaves to make a normal bushel.

Plainly speaking the curing of unthreshed samples of grain is the process of reducing the surplus moisture to a point where the kernels may be separated from the straw to the best advantage, and with special regard to exhibition practices one must at this opportune time, endeavor to bring out all the inherent qualities which lie dormant in the sample under process.

A simple rule to govern the curing stage is to very carefully look after the stems and the leaves of the plants containing the seeds then the seeds contained therein will harmoniously look after themselves; when the sheaves of grain are kept well ventilated and positively away from the direct rays of the sun (the drier the light the better) so that no harm-

ful discoloring of the straw takes place, one may be assured that the kernels will develop and bring out their best color, and shape, and condition. These are always in exact relation and proportion to what was naturally contained in the seeds at the time the mother plant was cut.

The most assistance that man can lend to nature in making this curing process as near perfect as possible is by arranging artificial or protected conditions so that there will be a gradual and continued evaporation of moisture from the plants, up to and until the time when these plants reach a state of dryness when they may be assembled in closer formation and kept in a healthy state by pinning so that the heads are not exposed. In this completed state the leaves and straw must be really dry and brittle. If, at any time in the curing stage the plants themselves are too openly exposed to a prolonged cold or wet spell one can be assured that this is bound to be a deteriorating reverse process, when the exposed plants reabsorb moisture from the air.

One must expect all freshly harvested sheaves of grain to throw off a large amount of moisture (no matter how dry they may seem). If these sheaves are too closely confined, or if they are packed too tightly, and in too large bundles, so that the escaping moisture is "trapped", or so that there is not enough circulation of air to drive this moisture up and away, then an immediate "deadening" of the color and lustre takes place. This will reflect in a roughening and thickening of the skin of the seed, and in turn, has a direct effect upon lowering the weight per bushel and the density of the kernels.

The writer regards these conditions, where there is an unnatural absorption of moisture, as the most damaging "bugbears" to the exhibition game. A source of assurance and guiding sign is to examine the straw well beside and near the band for discoloration. If it is apparent, divide the sheaves, spread them out and give them more air and ventilation. Perhaps to change places with a sample which is in a more favored location would be a good emergency move. If it is doubtful as to whether they are dry enough or not hang them up, with heads down. Remember that moisture always rises.

Wheat, peas, rye, flax, and perhaps timothy, are the easiest to cure. They can stand plenty of hard knocks, in second place. Oats, barley, bromegrass, etc., are the most difficult classes and should be given first place so they can be cured in the quickest possible way. There is no danger in giving these compact types too much heat to warm, dry, or cure. The drier the plants become the warmer the air they can stand.

Gently shake up your sheaves at least once a day and on changeable nights try to shut off all the damp warm heat of the open day is air that is reasonably possible so that the warm heat of the open day is not too quickly carried off. Be sure to avoid sudden changes as much as possible. With these fundamental suggestions one should pass through the curing stage with a large reserve of surety and make ready adjustments in case of any emergency. Bear in mind that the moisture is always bad. Frost should be guarded against at this stage. Heat can gradually be applied with caution and good air is always good.

Normally it takes a good sample about 10 to 14 days to cure dry and brittle enough so that the kernels will separate from the husk with very light rubbing, and experience advises that this is the best time to thresh. But, usually at this time, the farmer is very busy, winding up his fall work and therefore not in a position to thresh exhibition grain sheaves.

There is, however, no objection to piling the bundles in a dry, cool place as the next best and precautionary move from further weather changes, to await a later threshing time. (Caution: a sudden drop into freezing should be guarded against, when sheaves are too openly exposed because at this time the skin of the berry is not yet "set" enough to withstand the chemical reaction of frost). These piles should not be made any larger than a one-third rack full of sheaves, so as to avoid the danger of "sweating." The writer does not advocate "sweating" in the unthreshed state of seeds for the best exhibition results.

It is assumed that the samples in process for the World's Grain Show, where purity will be tested in every possible way, the progeny of quality seed (registered or the best certified grades) that can be relied upon to breed within the range of the truest set out by the rules governing the show, and also that the exhibitor has familiarized himself with the varieties which he is selecting. So, do not let this last chance to look over your bundles in a careful, systematic manner slip by. Look for off-type and other variety heads, and difficult weed plants. Look also for the too green, or over mature, or discolored or disease suggesting heads. While time is spent at this stage when minutes will save hours that would otherwise be spent later in trying to retrieve the irreparable damage done through being careless at this opportune time. Select a clear dry day outside, or a large daylight window where it is cool inside when tackling this interesting job. Good artificial light is not objectionable. At this time extreme caution must be exercised by not too quickly moving sheaves from outside exposure to inside warmer working places, or vice versa, without an intermediate shift of protection to "draw out" and gradually unify the temperature over a more natural span of time.

Remember when a World's Show sample is once threshed its chances in the purity growing test are just about determined.

Plats, mechanical or hand threshers, or other openly exposed separating methods may be used in processing a World's Show sample of wheat, or oats, or barley, but the writer takes no chances in mixing up or damaging a quality sample of seed.

Next Article No. 5 will describe a much more simple, safe and quick method of seed separation.

HILL BROS. RECEIVE RETURNING CATTLE SENT TO BRITISH MART

Not many weeks ago Hill Bros., Camrose south, shipped an extra choice bunch of fat cattle to the British market. Returns were made to Hill Bros., a few days ago who consider the transaction as very satisfactory. They report that everything in connection with the shipment and payment went through without a hitch. They will probably not ship to the overseas market again until next spring.

The British market has given a real opportunity for Canadian cattle during the past year, particularly during the current shipping season. Canadian cattle sent over have been of a very attractive quality, but local shipments are again coming onto the British market and it becomes more necessary, than ever for Canadian shippers to make sure the quality is maintained.—Canadian.

VITAMINS

Whatever is new, naturally attracts a great deal of attention and that is one reason why you read and hear so much about vitamins. That is not, however, the reason for this article. It is because vitamins are of importance to the health and well-being of each and everyone of us that it is necessary for our own good that we be informed concerning them.

For many years it has been known that our foods contain fats, proteins, carbohydrates and minerals. It was generally understood that the value of a diet depended entirely upon the quantity and quality of these ingredients. These substances are just as important as they ever were and if our bodies are to be kept well nourished they must receive a sufficient supply of them.

During recent years, however, it has been discovered that there is something else needed to complete the diet. There are other constituents of food which must also be present in sufficient quantity if the body is to be kept strong and healthy. These newer substances are called vitamins.

From all that is written about vitamins, it might be supposed that a great deal is known about them, whereas the truth is that we know comparatively little. What we do know is not only interesting but it is sufficient to make it perfectly clear that the growth of the body and the keeping of the body in a state of health demand vitamins.

There are several different vitamins. If they are not present in the food consumed then such diseases as scurvy and rickets develop. They are called deficiency diseases as they occur when the diet is deficient in vitamins. If the vitamins are only

partially lacking, while the deficiency diseases do not occur, proper growth and development do not take place; the body is not healthy and is more readily taken a victim to infection.

The vitamins are present in many foods, but in varying amounts. The average person can rely upon milk and dairy products, eggs, green leafy vegetables, fresh fruits, tomatoes (raw or canned), and whole grain cereals to supply him with all the vitamins he requires.

A deficiency of vitamins is a matter of real importance. It is fortunate that, if the mentioned foods are used regularly and freely in the diet, one does not need to worry about the question of vitamins.

From what has been said, it is evident that the person who lives chiefly on sweets and starchy foods is almost sure to suffer. This does not mean that sweets and starches are harmful—indeed they are not. They should be used, but not to the exclusion of other foods. But a wide variety of foods is safe advice to follow.

Questions concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

EDMONTON-CALGARY RAILWAY LINK HAS 40TH ANNIVERSARY

Forty years ago this week, famous pioneer officers of the Canadian Pacific Railway inspected the latest extension of their trackage in the west—the link from Calgary to Edmonton, construction of which had been started in 1890. The line had just been completed when the visit of the officials was made. They travelled by special coach along the rough trackway to Edmonton and returned to Calgary after a day's visit at the capital.

The visit was probably the last made together by the two outstanding figures of railway construction history in Canada—Lord Mount Stephen and President Van Horne. With them were Lord Elphinstone, on a visit from England; General Superintendent Whyte, Superintendent Niblock and L. A. Hamilton, land commissioner.—Albertan.

(Ga.) News, tries to aid his home merchants by advocating a trade at home policy.

Like many another good community booster, Editor Shannon sometimes gets discouraged through lack of appreciation on the part of those for whom he tries to boost. But let him tell it in his own concise fashion: "Two weeks ago we penned the best editorial we know how to write, doing our best to encourage the people of all this section to patronize home merchants—and bless your heart, honey, not a single business man in Commerce has even said 'thank you.' That goes to show what it goes to show."

Which leads an exchange to remark that if Editor Shannon had urged folks to "buy it away from home" he would never have lived long enough to hear the last of the holler that would have been raised.

Did Not Improve Matters: Clergyman's small daughter (to caller)—"Oh, my! But aren't you home?"

Her Mother—"Laura, what do you mean by such rudeness?" Laura (frightened)—"I—I only meant it for a joke, mamma." Mother (innocently)—"Well, it would have been a much better joke if you'd said: 'How pretty you are!'"

Got So Weak She Could Not Work Nervous Breakdown

Mrs. W. Broussard, Sidney, B.C., writes: "I had a nervous breakdown and got so weak I could not work steady for more than an hour at a time, and what I did do would play me all out, and I would have to stop and rest for two hours before I could start in again. Since I have taken two boxes of Milburn's Heart and Nerve Pills I can do a full day's work, and be ready to go out of an evening." "Price 50c, a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

THE OPEN BED-ROOM WINDOW

This may appear to be the wrong time of year to speak of spring tonics, but it is nevertheless reasonable if considered from the preventive side. The idea that a person requires a spring tonic grew out of the fact that many people did not feel as well in the spring as they did at other seasons of the year.

We know that the only tonic these people require is made up of fresh air, sunshine, exercise and proper food. Our present interest is to point out that if people were to take reasonable care of themselves during the winter, they would feel fit when spring came.

During the summer, windows are kept open and so we work and sleep in the fresh air. With the advent of the cooler weather, windows are not left open all the time and, unfortunately, they are not kept open at all in some homes. Fresh air is necessary for health. It is needed in winter just as much as in summer. The want of fresh air is one reason why there is more disease in winter and why, when spring comes, there is a lack of good health which makes itself felt as a tired, run-down condition.

The time which we spend in bed securing the rest we need should also be time spent in the fresh air. This is possible, providing the bedroom window is kept sufficiently open to allow for a gentle movement of air throughout the room while we are asleep.

How high the window needs to be open depends upon the temperature

FARMERS ASK GOVERNMENT TO PROBE WHEAT SPREAD

Vermilion, Alta., Sept. 11.—Alarm at the unprecedented spread of ten cents a bushel between the price of No. 1 and No. 3 wheat, taking the present low prices into consideration, the Vermilion Chamber of Commerce yesterday passed a resolution calling upon the federal government to institute an investigation into the situation to the end that the interests of the farmers are protected to the fullest extent.

Farmers present at the meeting declared that if the present prices were permitted to continue not only would they not get anything out of this year's crop, but they would also be prevented from deriving any benefit from the federal bonus. It was stated that a very large proportion of this year's crop would grade No. 3.

Edmonton, Sept. 11.—Commenting on the request of the Vermilion Chamber of Commerce, Premier Brownlee said that he had been in touch with several grain firms, including the United Grain Growers and the Wheat Pool, and had been informed that the situation is really due to the premium on No. 1 wheat, but that as wheat is now going forward it is expected that this situation may adjust itself in the near future.

"The matter is still receiving consideration by the government," the premier added, "but it is somewhat difficult to see what can be done where all grain is being sold on the local market."

POOL SENT 200,000 POUNDS BUTTER TO BRITAIN

Dairy producers in Western Canada will be pleased to know that there is a general effort being made by all the large creamery interests in Western Canada to export our surplus butter to the British markets, rather than keep it in Canada, as a wet blanket, on our Dominion market. Just so long as there is a substantial surplus of butter in Canada the Canadian market for butter will be subject to world price levels. For some time it has been difficult to secure refrigeration space on vessels leaving Vancouver for the British markets, via the Panama, owing to the heavy export of butter from Western Canada. Many interests are finding it necessary to ship butter east by rail for export from Montreal and other eastern ports.

Just recently the Northern Alberta Dairy Pool made a shipment of butter east for export amounting to over 200,000 pounds (3600 boxes). Dairy pool members and others who have had to sell cream at world price levels, will appreciate the fact that everything is being done to relieve the Canadian market of surplus butter and thus hasten the day when cream prices can be restored to more profitable levels.—Market Examiner.

NEWSPAPER LAWS

Excerpts from Newspaper Law, printed for the benefit of any reader who may have mistaken ideas regarding same:

1. A postmaster is required to give notice by letter (returning the paper does not answer the laws) if the subscriber does not take the paper out of the post office and state the reasons for its not being taken. Any neglect to do so makes the postmaster responsible to the publisher for payment.

2. If any person orders his paper discontinued he must pay all arrears or the publisher may continue to send it until payment is made and collect the whole amount whether the paper is taken from the office or not. There can be no legal discontinuance until payment is made.

3. Any person who takes a paper from the post office, whether directed to his name or another, or whether he subscribes or not, is responsible for payment.

4. If a subscriber orders his paper stopped at a certain time and the publisher continues to send it, the subscriber is bound to pay for it if he takes it out of the post office. This follows the principle that a man must pay for what he uses.

You are invited to tune in CJGJ 434.5 metres, 690 kilocycles, power 500 watts, The Calgary Alberta Broadcasting Station, next Sunday from 10 to 10:15 a.m. Watch Tower program by electrical transcription. 14-4t

"May I see the captain?" inquired a lady passenger.

"He's forward Miss," replied the first mate.

"Oh, I'm not afraid," said the lady. "I've been out with Wetaskiwin shales several times."

WILSON'S

FLY PADS

REALLY KILL

One pad kills flies all day and every day for 2 or 3 weeks. 3 pads in each packet. No spraying, no stickiness, no odor. Ask your Druggist, Grocery or General Store.

10 CENTS PER PACKET WHY PAY MORE?

THE WILSON FLY PAD CO., Hamilton, Ont.

MILLET LOCAL NEWS

Mrs. Henry returned home last week from Idaho, where she has spent the past month.

***The Anglican W.A. will hold their annual bazaar the third week in November. 25-2th

Misses Ruby and Pearl Carmichael of Edmonton, arrived in Millet last Thursday, when they spent a few days at the home of Mrs. H. Brinker. During their visit Mrs. Brinker entertained two evenings at bridge in their honor.

***The Anglican W.A. will hold a silver tea at the home of Mrs. Bear, on September 19th. 25-2th

Mrs. H. Brinker, who attended the Anglican W.A. Quarterly Session in Camrose last week, was entertained at the home of Mrs. Howcroft, at the Rectory while there. Mrs. Brinker reports a large attendance of delegates from various parishes, all radiating the Christian spirit of goodwill.

HILLSIDE LOCAL U.F.A. FAVORS NEW HOSPITAL

The regular monthly meeting was held in the Hillside school on Friday, Sept. 11th. There was a good turnout of members and a large number of visitors.

The committee appointed to look after the levelling of the sports grounds reported the ground was practically ready, but the seeding down will be left over until spring.

The Local decided to use its influence to try and get the road shore changed at Mulhurst, Pigeon Lake. The meeting was then turned over to a discussion of the proposed new hospital at Wetaskiwin. After debating the question from every angle, the meeting went on record as being in favor of the new Hospital.

A committee was appointed to draw up a winter program and to report at the next meeting. It was decided to hold the next meeting in the school house on Friday, October 9th.

ALBERTA HOMESTEAD ENTRIES IN AUGUST

Homestead entries in Alberta for August reached a total of 363, of which 327 were to women. The Edmonton office continued to top the list, with Peace River in second place. The figures were as follows: Homesteads—Edmonton, 430; Peace River, 207; Grande Prairie, 92; Calgary, 39; Lethbridge, 4. Second Homesteads—Edmonton, 56; Peace River, 12; Grande Prairie, 14; Calgary, 4; Lethbridge, 1. Soldier grants for the month numbered four, included in the grand total of 363.

Toronto, Sept. 11.—Amendment of the criminal code of Canada to permit corporal punishment with or without imprisonment, of convicted persons, was Thursday approved by members of the Ontario Magistrates association, in session here. The meeting also approved of the suggestion making imposition of such punishment upon offenders obligatory on the part of magistrates and trial judges.

Calgary, Sept. 11.—A Hutterite colony will be established near Stirling, Alta., by 112 members of the sect who arrived in the district recently from Wolf Creek colony, South Dakota. Twelve freight cars, forming a special train, brought the settlers' effects and their livestock. 14-4t

SUFFERED FROM CONSTIPATION AND HEADACHES

Mrs. C. A. N. Puff, Richmond, Sask., writes: "I suffered from constipation and terrible headaches. I would go for five or six days without my bowels moving, and at times I would have such awful pains across my stomach I could hardly walk. I tried a number of laxatives, until a friend told me about Milburn's Laxative Pills. I took two vials and am now feeling fine again."

Price 25c a vial, at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

MILBURN'S LAXATIVE PILLS

fine

for breakfast or lunch — equally good for children's suppers or a wholesome bedtime snack. No trouble to serve. Delicious. Healthful. Economical. In truth, Kellogg's are a wonderful

buy

New Help Wanted

A man named Dodgin was recently appointed foreman but his name was not known to all the men under him. One day he ran across two men smoking in a corner. "Who are you?" asked one of them. "I'm Dodgin, the new foreman," he replied. "So are we. Sit down and have a smoke."

And isn't it so!

According to one after-dinner speaker a banquet is an affair where a chap eats a lot of food he doesn't want and then proceeds to talk about something he doesn't understand to a crowd of people who don't want to hear him. Asiatic Fleet Magazine.

The
"MARRIAGE" of
THE WHITE
HORSE

"WHITE HORSE" is Real Old Scotch. First matured and then blended. It is again matured and rebled, so that the whisky becomes properly married. This marrying of "WHITE HORSE" is a very lengthy process and the result is a right noble spirit of subtle and distinctive aroma, and bouquet, soft, smooth and very pleasing to the palate, without a trace of kick or bite.

As a heart tonic and digestive "WHITE HORSE" stands supreme.

WHITE HORSE WHISKY

DISTILLED, BLENDED & BOTTLED in SCOTLAND

Relieve
that pain
safely

You can always relieve that ache or pain harmlessly with Aspirin. Even those deep-seated pains that make a man's very bones ache. Even the systemic pains so many women suffer. They will yield to these tablets! Genuine Aspirin has many important uses. Read the proven directions in every package of genuine Aspirin, and don't endure any needless pains from neuralgia, neuritis, rheumatism.

Keep a bottle of these tablets in the house; carry the pocket tin if subject to unexpected headaches, sudden colds. Quick relief without any harmful effects. Aspirin does not depress the heart. Just look over the time for the name Aspirin—and the word genuine printed in red on every box.

Every druggist has genuine Aspirin, and if you get the genuine tablets you are sure to get relief.

THERE'S NO NEED
FOR THAT
WORRIED LOOK
ON YOUR FACE!

What's bothering you? Have you a car you want to sell? Are you making fruitless search for another job? Or possibly it's the other way about — you need help? Can't you get a room in which to rest your weary bones? Perhaps the cook has left or the one you've got doesn't measure up to the standard?

Tell you what to do. Invest a few cents in a Times Classified Ad, and folk'll be phoning you up or dropping around to see you within a few hours after we go to press.

AUDIEN THEATRE

Thurs., Fri., Sat., 8 p.m. Sat. Matinee at 2:30 Sept. 17, 18, 19
LAURA LaPLANTE and LEW CODY in
"MEET THE WIFE"

Here is a clever society comedy-drama relating one of the most unusual domestic complications ever conceived. The plot is so well developed that suspense, mirth-provoking situations and drama are perfectly blended. The fun starts brewing when the husband is locked out of the dining room by his wife.

Also:
 Andy Glyde in "CANNONBALL" and "TOO MANY HUSBANDS"

Monday, Tuesday, Wednesday, 8 p.m. Sept. 21, 22, 23
JANET GAYNOR and CHARLES FARRELL in
"MERELY MARY ANN"

Janet Gaynor, who played the role of an orphan in "Daddy Long Legs," is here again in an even more appealing role. A love story told as only glorious Janet and gallant Farrell can tell it. He was penniless and she offered him the riches of her heart. He was a musician—dead to the music of love. Fame came to him and wealth to her. Was there still time for happiness?

BALMORAL GRAIN

FIELD WINS TITLE

Red Deer, Alta., Sept. 10.—Alberta championship of 1931 for the best field of grain in the province has been awarded to James Hazlett, farmer of the Balmoral district. Hazlett, whose farm is a few miles from Red Deer, captured the southern Alberta crown and later his field was given top place in the whole province.

According to the judges Hazlett's field of Marquis wheat should yield 50 bushels per acre.

Town Topics

A meeting of the Wetaskiwin Business Girls' Club will be held in the Driland Hotel club room this Thursday evening at 8:30. All members and prospective members are urged to attend.

Mr. and Mrs. Peter Switzer of St. Mary's, Ont., visited this week with the former's cousins, Mrs. A. Doupe and E. B. Switzer. They were on their way home after spending the past three months at the coast.

Several members of Victory Chapter O.E.S., visited a Chapter in Edmonton on Monday evening, the occasion being the official visit of the Worthy Grand Master. They report having had a very enjoyable outing.

Peace street west has a very busy appearance these days, as the Public Works Committee is removing several inches of earth and conveying it to two or three blocks west, thereby leveling the streets in preparation for a good coat of gravel. This work is being done under the unemployment relief scheme, and will be of great benefit to Wetaskiwin.

The pioneer residents of Wetaskiwin regretted to learn of the tragic death of P. H. Thibault, school inspector of the Stettler district, who was accidentally killed while cleaning a shotgun a few days ago. Mr. Thibault was a former school teacher at Wetaskiwin.

Miss Vivian Richards went to Edmonton a few days ago to attend business college. Her many friends regret to learn that a few days after her arrival, she was seized with an attack of appendicitis, and is now convalescing in an Edmonton hospital from the operation.

Jack Osty, who has been the manager of Brody's Limited, here for a couple of years, severed his connection on Saturday evening. Jack will be missed in the sporting circles of the community, as he was a member of the softball team, and his services as a hockey player were in great demand. His position has been filled by L. J. Ragosin, Edmonton, who has had a very broad experience in the mercantile business.

The September meeting of the I.O.B.E. was held at the home of Mrs. Miquelon on Tuesday last. Mrs. R. C. Marshall, Provincial President, was present, and gave a very interesting report of the national chapter at Halifax, to which she was a delegate. Arrangements were made to hold the annual dance on November 9th. Dainty refreshments were served, Mrs. R. W. Manley being joint hostess with Mrs. Miquelon.

Friends of Alexander Lasell will be pleased to learn that he has obtained the highest marks 88 points (honours) in violin playing, at the June exams of the London College of Music (Alberta centre). This ambitious and talented young lad had resumed his studies with Mr. van Stockum and will endeavor to qualify for the advanced senior grade London College of Music. Since this grade contains several pieces that are also required for the A.T.C.M. (Toronto) exams, he will also enter for the Associateship of the Toronto (A.T.C.M.).

ENJOYABLE PARTY GIVEN
 AT THE PAL-O-MINE

Monday night was the scene of a party of interest at The Pal, when Lillian, Doris and Gordon Hanna with Miss Doris Wallace from New York, entertained their many old-time friends. A buffet luncheon was serv-

ed in the banquet room by Mrs. Hanna, assisted by Mrs. Chiddy and Mrs. McPaul. Sweet peas and gladiolus centred the tables, while the color scheme was yellow and green. A program of novelty dances and games acted as entertainment. Among the guests noticed were: Misses L. Pokas, K. Kelly, W. Johnson, M. Johnson, L. Vickers, A. McNeil, F. McWhinney, P. Maynard, D. Timperley, D. Krutzfeldt, F. Recknagle, G. Recknagle, H. Switzer, I. Hansen, J. Taylor, H. Hansen, P. Williams, F. Walker, M. Lundell, E. Mitchell, L. Gordon, J. Walker, M. Smith, E. Corbet, A. Kallie, L. Wiberg, E. By, N. Chiddy, E. McPaul, H. Hanna, and Messrs. M. Merner, J. Farewell, A. Gordon, K. McKenzie, T. Williams, E. Hoffman, L. Win, Edmonton; W. Orr, J. Watson, G. Abousaty, B. Watson, M. Cummings, A. Gibson, M. Abousaty, G. Styles, H. Burkholder, K. Smith, S. Stoley, A. Abousaty, P. Jenner, Dr. Husband, Red Deer; C. Williamson, E. Lindskog, C. Alsberg, C. Jacobs, A. Ellis, Z. Cleland, J. Rule, J. Cornack, B. Mayford, W. Redmond, B. Richards; J. Barbel, Cranbrook, B.C., and A. Butler, Daysland.

Div. 6—Crooked Lake School, Mrs. R. E. Gunner; Roseland School, Fred Freeman.

And that the Returning Officer shall sum up the votes given for and against the By-law, at the Municipal Office, Wetaskiwin, on Wednesday, the 30th September, 1931, at the hour of 12 o'clock noon. Carried.

It was moved by Councillor C. A. Johnson that Councillor Bussard be the Deputy Reeve for the ensuing six months. Carried.

It was moved by Councillor Thompson that C. E. Orn be allowed to dig a ditch on the road allowance north of the South-West 22-24-24 W. 4th Mer., provided that it does not interfere with the road or endanger persons, or property, using the road allowance. The said ditch to be within one rod from the north fence of the S.W. 22-24-24 W. 4th Mer. The meeting adjourned.

HARVESTING NEARLY ENDED IN ALBERTA

Calgary, Sept. 10.—Harvest work in southern Alberta is practically completed, according to officials of the provincial unemployment bureau.

When you need printing in a hurry. When it simply must come through. When the job is mighty particular—Let The Times do it for you!

Alberta Pool Elevators Under Public License

Alberta Pool Elevators are now operating under public license.

This permits the Pool Elevators to buy or handle any grain. Pool Elevator facilities are not restricted to the handling of Pool members' grain only.

The reputation for fairness gained by Pool Elevators should be an inducement for all grain growers to patronize these elevators.

Any person delivering grain to Pool Elevators may sell his grain in any way he selects and at any time desired.
